December 11, 2011

The Honorable Scott Walker  
Governor of Wisconsin

Dear Governor Walker:

The Shullsburg Community Development Corporation supports the construction of a casino, hotel and convention center in Shullsburg. It is needed to create jobs and support the economy of the local area. The casino complex would greatly boost the economy of the area.

We are asking for your support so the project can move forward.

Sincerely,

Cheryl Fink

President
